DETAILED ACTION

Claims 11-20 are pending in this application.

Action Summary

The rejection of claims 11-20 under 35 U.S.C. 103(a) as being unpatentable over Tawashi is hereby withdrawn.

Statement of Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The claims are allowable over the cited prior art because the prior art does not teach, disclose nor make obvious a method of treating iron deficiency comprising a drug reservoir layer containing a hematinic substance and securing the drug reservoir layer to a skin surface. The closest prior art of Tawashi teaches a transdermal patch containing ferrous sulfate and NO. However, Tawashi does not teach, suggest or make obvious using the patch to treat iron deficiency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

The drawings filed on August 18, 2003 are subject to correction of the informalities. In order to avoid abandonment of this application, correction is required in reply to the Office action. The correction will not be held in abeyance.

Conclusion

Claims 11-20 are allowed.
